

Dear colleagues,

We are pleased to announce that the deadline of abstract submission has been extended up to **February 22, 2017** in response to numerous requests and due to the increased interest in Euromat 2017.

In the past few months significant progress has been made with regards to the scientific program (Tutorials) & the Sponsorship of the Conference. Details for publication of papers and plenary and invited talks can be found in the Conference website.

During EUROMAT 2017 an innovative event will take place: Matchmaking Event (B2B). For detailed information [click here](#).

We would like to thank all the authors for submitting their abstracts and ask those who have not, to try & meet the new deadline on **February 22, 2017**.

All of you please remember to continue promoting EUROMAT 2017 to your colleagues and professional friends.

We look forward to meeting you in Thessaloniki in September.
